Dear Ms. Della Rocco:

We have amended our report to identify which Joint Fundraising activity memos on Line 11(a)(i) relate to.

Regarding receipts from "BOYCE, M. M.", this is health insurance premium paid by a former employee. The corresponding disbursement was paid to our healthcare provider. Regarding receipts from "CHUBB FEDERAL INSURANCE COMPANY", this is an insurance claim. The corresponding disbursement was paid to our auto insurance provider. Regarding receipts from "NATIONAL REPUBLICAN CLUB" this is a refund of catering deposit. The corresponding disbursement was paid to the trade name "Capitol Hill Club". Regarding receipts from "TASC", this is health insurance reimbursement. The corresponding disbursement was paid to our healthcare provider.

Regarding descriptions of disbursements reported on schedule B, we have amended our report to clarify the purpose of these transactions. "Political Souvenirs" refers to miscellaneous political memorabilia, such as lapel pins, flags and apparel, provided to donors and supporters, and are not allocable to any federal candidate.

Regarding reimbursements to individuals for expenses other than travel and subsistence, no further itemization is required.

Regarding voided or returned checks reported on Schedule B supporting Line 21(b) we have amended the purpose of these entries to more clearly describe the disposition of these payments.

Regarding reimbursements to staff for apparent travel and subsistence in amounts that exceed \$500, no further itemization is required.

Regarding disbursements with the purpose "per diem", those disbursements were not made from petty cash and no memo items are required.

Regarding loan activity apparently reported on the wrong line, this disbursement refers to loan servicing fees and as such is reported on the correct line. The purpose reported on the disbursement has been amended to more clearly describe the nature of the activity.

I trust this response will meet your requirements; however, please feel free to contact me if you have any remaining questions.

Sincerely,
Anthony W Parker
